

Duvets

The aim is clear, to offer natural duvets in Sivana quality to improve people’s lives and, of course, make them happier. Our duvets are soft and warm, but thanks to their high breathability they are cool when needed. Made from the finest natural materials such as virgin cotton, natural cotton, carded cotton, down and duck feathers. All this under the seal and balance of Sivana.

SATTVA

Virgin cotton filling

Made entirely of natural cotton, from its organic fabric to its soft carded virgin cotton interior.

350 gr/m2

ASHA

Down and duck feather filler

Its inner filling is flexible and is developed in cold climates to obtain the highest possible quality and elasticity.

180 gr/m2
